Oregon's vote by mail system WORKS. It isn't broken. It does not need repair. We voted it in because it's easy, efficient and we save money. Beside, I like sitting around my dining table with the ballot to discuss with my family what's important to us. Then we vote, and easily drop it into the convenient drop box near our justice center. If we want people to vote, make it easy for them.

Thank you,

Sally Wantz
