SB210

My Esteemed Representatives,

Let me state fully and on the record my strongest opposition to SB 210. For decades Oregonians have enjoyed the right to vote by mail. These elections have been conducted fairly, accurately and without even the most negligible degree of fraud. The right to conduct our elections as Oregonians deem fit is enshrined in the US Constitution, and therefore not subject to Presidential diktat. SB 210 is nothing more than the latest attempt by an increasingly authoritarian US President, his corrupt oligarchic allies and morally bankrupt Republican Party to further undermine our democracy. Oregon Senate Republicans sponsoring this bill should be ashamed of themselves. Such a cowardly surrender to authoritarianism is more befitting to Vichy France than our great state of Oregon.
