

Submitter:

Mary-Margaret Stockert

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I value mail-in ballots. I like being able to take my time and do research from the comfort of my home. So far I am able-bodied but if i weren't I would appreciate voting without having to go out. I have seen no credible evidence that there is increased fraud with this method. I feel pride in Oregon in leading the country in this very democratic practice. Please don't go back to the old way.
