SB210

I urge you to vote against the measure that would Make voting on the day of election in person a standard method for voting in an election. It would make voting difficult for many people in our state who are disabled or live in rural areas far from a voting site. Also being able to vote by mail allows people time to study the ballot and make a educated vote on a measure or person. This is very important. Please do not fall for this Republican ploy to limit our rights.
