Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I wish to express my strong opposition to this bill. It is obviously designed to make voting more difficult, and less accessible to voters. Voting by mail has worked well here, there is no reason to change it. This, like many other attempts to make voting more difficult most affects working people, disabled people and people without transportation. Voting should be accessible to all. This is a bad bill and I urge you to vote against it.
