

Submitter: Phoebe Ferguson

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail works just fine the way it is. By requiring in-person voting, this gives preference to people who are: able-bodied, have flexibility with their income and work schedule, have flexibility with child care, have access to transportation, and those who live close to polling sites. This measure shouldn't even be considered, let alone passed. Keep vote by mail, and continue to allow ALL Oregonians to vote.
