SB210

We need this stopped for everyone that works that day, for the home bound, for the infirm, and for any one else that can't make it on voting day. They too, have the right to vote. I will never support an agenda that makes it harder for a single person in Oregon to vote in any election. Republicans know that maga voters tend to vote in person anyway and just want to make it harder for the rest of us. We are proud of our mail in voting in Oregon! Say, "No!", loudly and firmly to any and all bills that make it harder to vote in Oregon. Start with SB 210. Thank you for the time.
