Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This bill is a step backwards for accessibility and enfranchisement of all voters in the State of Oregon. As a retiree and "senior citizen", I find it sometimes difficult to make it to a polling place and stand in line for my turn to vote. I also believe I make better, more informed choices when I can review the candidate positions at home as I fill out my ballot. Please reject this restrictive measure.
