

Submitter:

Season Hoagland

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not make changes to our already amazing voting system. There is no evidence to support the claim that this would be beneficial in any way. Having people standing in lines and taking time off work (if they even can) will not help the people of Oregon in any way. This is simply a ploy to make it harder to vote.
