

Testimony Opposing Changes to Oregon's Vote by Mail Law

We strongly opposed any changes to Oregon's Vote by Mail law. Oregon has one of the highest voter turnout because we want everyone who is eligible to be able to cast a ballot. This allows people who work long, odd hours to vote, those who are unable to drive can vote and those who live far from a polling place. Just as importantly, this law allows Oregonians to study ballot measures and information about candidates thoughtfully over a period of days before casting a vote.

A change of law would be a travesty that would empower those who want to limit democracy.

Sincerely,

Valerie and Dan Close z
