SB210

I am 75 years old and oppose any attempt to change vote by mail to in-person voting on the day of the election.

I have not seen any research documenting fraud committed in the vote by mail system in Oregon. The vote by mail system must save millions of dollars as voting machines and polling locations do not have to be staffed throughout the state. Only each counties election offices need to be staffed. Please vote no SB 210 to save the vote.
