SB210

My ancestors settled the Willamette Valley. We have towns, streets, cities named after us. It used to be a great place to live. After living in Oregon for 70 years, I have witnessed the decline of the quality of life because of Democrat government decisions. The democrats today, hear nothing except the hate in their own heads for conservative thinking. Vote by mail is ripe with voter fraud. The voter rolls in Oregon are a joke and not accurate. Its time to mandate in person voting, requiring citizen ID and to mandate that voting day is 1 day long. 20 years ago, all votes were placed in person and counted before the end of the day. The only reason to continue to allow vote by mail is to be certain that cheating happens, that non citizens vote, that people who have died vote, that unverified residences of Oregon vote. Why? To benefit the Democrat party. Republicans want voter verification and vote in person. Its the American thing to do. I ask that you pass this measure immediately.
