

Submitter:

Jeffrey Chenoweth

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has an unprecedented history of accurate, secure and safe mail-in elections that do not warrant a

change to our current mail-in ballot elections being proposed.

Such a change would limit many voters from being able to participate in our most important democratic

process and may further erode public trust in our elected officials if this were allowed to pass.

Jeff Chenoweth
