

Submitter: Ken Jones
On Behalf Of: rational people
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210
Chair Sen. Jama, Vice-Chair Sen. Bonham and members of the Senate Rules Committee,

Please do not spend more than a few seconds on this attempt by Sen. Brock to endear himself to the MAGA crowd in Washington. He is wanting to find ways to suppress people in Oregon from voting, mostly those with transportation difficulties or who work and can't get enough time to go to the polls on "Election Day": more Democrats than Republicans. We need as accurate a count of what people in our state think on elections issues and candidates as possible, not less.

Thank you,

Ken Jones
