Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Our Vote by Mail system has worked successfully for many years. There is no reason to change it. The State of Oregon does not need to change our voting system. It works. Changing the system will be both costly and will either prevent or create obstacles to some Oregonians' ability to vote. Please do not change it. Historical records indicate that increasingly more Oregonians vote in elections due to Mail in Voting. We need and want residents of Oregon to participate and vote!
