Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a mother raising two little ones (one who exclusively breastfeeds) being able to vote by mail is absolutely necessary. If I did not have this option, I can't say with 100% certainty I would vote. Bringing two small children, by myself, to a busy voting center would not only be chaotic, but frankly it would be hard for me to keep them safe and contained. Being able to vote by mail, allows me to exercise my rights, while also caring for our next generation.
