

Submitter:	Susan Sutherland
On Behalf Of:	SB 210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

I strongly support SB210

This Bill would take Oregon back to in-person voting and eliminate mail-in voting which is very costly.

Make in-person voting on the date of the election, which is the standard method for conducting an election.

Voter ID would be required in-order to cast your vote. IDs are required for everything from Drivers Licenses, signing up and paying for utilities bills in person. Banking, hotel rooms buying alcohol and cooking wine, cigarettes and the list goes on; This guarantees free and fair elections, that can be trusted and audited. Voting with an Oregon ID should be a MUST!

This would bring Oregon into compliance with federal actions.

I look forward to seeing this bill pass the Oregon Senate.

Thank you for your time,
Sue Sutherland
