Voting by mail has been a wonderful and convenient system in Oregon for many of the years we have lived here, (since 1977). We have never heard of any evidence that there is a problem with voting by mail. Now we are getting older and one of us is disabled. Voting by mail becomes even more obviously the best way to vote. This is the Oregon way. Don't take it away from us. AND, I believe that the forces that want to take away vote by mail really just want to put barriers in place to voting. That is not the American way. We need to encourage all citizens to vote and provide easy secure access to voting.
