I oppose ending mail in voting. Mail in voting is so important for people who work long hours outside the traditional 9-5 hours ie nurses, have to be home with child care, or work hours outside of the traditional 9-5, ie service and restaurant industry. Many people have a hard time taking time off from work to go vote -I would have found this difficult in previous jobs. As someone who formerly worked in the retail industry, I would have found it very difficult to make it to a polling location during business hours. Thank you for your time.
