I love vote by mail! It's the best ever! I remember going to precincts to vote. Why? We had to rush to vote during a limited time frame, stand in line no matter if the weather was atrocious, or if you were sick, or had to miss work, just to stand in line to vote before the polls closed!! It was ridiculous! It has been proven safe, accurate and secure! It makes voting so much more efficient! It is also a blessing for people with disabilities not having to wait in long lines! The proof of voter registration is given when you register and the process to confirm has been proven accurate!
