Voting by mail makes Oregon way out in front in allowing time at home to be poring over the issues, then send it in when you're ready! Voting by mail makes voting possible for people who: work two jobs to make ends meet; who are physically unable to get to the polls due to transportation problems; are bedridden or handicapped; who are taking care of the elderly or children and so can't get away to the polls. The only reason to revoke voting by mail is to suppress the vote. We need to be able to get more citizens involved, NOT LESS. Please kill this backward looking idea of getting rid of something that WORKS SO WELL.

I was born in Oregon in 1954, and am a lifelong Oregonian. Thank you.
