

Submitter:

Cathryn Everett

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this! I value my ability to mail in my ballot or drop it off at a secure location. I know my senior neighbors need this service more than I do. But as a hard working single mother I appreciate the ability for my vote to count when I can't make it physically to the polls! We need to count every vote and taking this away makes voting more difficult and elections based on who can make it to the polls on a given day. In my opinion, that is not how democracy should work! Thank you
