

March 30, 20225

To Oregon State Legislators:

My name is Janis Lloyd. I live in North Bend with my husband. Our son, and his wife, live near us. All of us vote each election, and have appreciated being able to vote by mail. We are retired from BLM and the Forest Service. We care for our 5 year old granddaughter three days/week. Our son is a Civil Engineer in Coos Bay. His wife is a nurse at the local hospital. So many voters lead busy lives, like us, and count on voting by mail. This current oppressive move from the Administration is an attempt to suppress the American votes. The elderly in rural areas would find it difficult to vote, as well as those who can barely afford to fill their cars with gas.

Oregon has proven that the mail-in voter system is efficient and has integrity. We cannot bend to the whims of those trying to destroy our working democratic processes.

I urge you to oppose SB 210. The citizens of Oregon will thank you and will vote accordingly.

Sincerely,

**Janis Lloyd**
