SB210

This bill would suppress the votes of Oregonians who are unable to wait in line for long periods of time. It is unfair to the elderly, the disabled, those with work or school schedules that are prohibitive to voting in person on a single day, parents caring for young children, the percentage of the population who may be ill on election day, those who live in rural areas, and those without adequate transportation on election day. As an Oregonian who believes in the Constitution of the United States, I assert that ALL Americans have the right to make their choice at the ballot box. Mail-in voting has worked very well for the citizens of this state and ensures fair elections. It ain't broke; please don't "fix" it.
