I am opposed to making Oregon voting in person only. Many people cannot get time off of work to go vote and many more people struggle with mobility issues that make it very difficult to vote in person. Personally it would be a great inconvenience for myself and the people that I support in my adult foster home. When I assist them to vote I read every issue to them from the voter's information pamphlet and explain each item to them while keeping my own views out of it. This takes a long time and is done over a few hours. I am not confident if I were to do this in advance that they would make their choices correctly while in the voting booth and this would be a great disservice to them as voting is something they are very proud of doing. Please keep voting by mail in ballot for Oregon.
