JoAnne Beck

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Republicans are just trying to pull the wool over our eyes. Their arguments for this bill are flimsy as well as being based on lies. There are more Democrat and Independent registered voters in Oregon, they are outnumbered. If we suppress voting by requiring in person elections, Republicans think it will benefit them. In person voting with government issued id hurts seniors, low income people as well as the disabled. Hands off our fair, easy way to vote.
