Measure, Appointment or Topic:

SB210

Oregon voters have already overwhelmingly approved the current method of vote by mail. It has worked for years without any issues other than a DMV snafu involving less than people. I am simply outraged that any party seeks to override the will of the majority of us who live here.

Mail-in voting is safe convenient and makes the right to vote accessible to all of our citizens particularly seniors and disabled and all those without cars to get to pulling places.
