

Submitter:

Susan Fairchild

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has a significant history of voting by mail showing that it is fair, without significant fraud or abuse and makes the right to vote available to those that might otherwise be disenfranchised due to disability, age, being temporarily away from home, work requirements or other personal situation that might prevent going to a polling site. Do not enfringe on our very important right to vote. I strongly oppose this bill.
