Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting by mail is a easy way to bring all Oregon voters to the table. Oregon has been doing this successfully for over 20 years. It is convenient and easy for all Oregonians. It also keeps from being intimidated by anyone attempting to force their agenda on voters waiting to vote. It makes it easy for those with disabilities to make their voices heard. It also makes it easy for people who have no easy means of transportation and saves on fuel costs for those who would have to drive to the voting location and in Oregon in November it will keep people from having to stand in the rain as they wait, We have a system that works and their is no need to change it.
