

Submitter:

Gwen Jones

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I'm encouraging you to continue to support vote by mail systems and have an option for in person voting if a person prefers to vote in person. This has been extremely safe and accurate since it was implemented with just small margins of error that have been caught. Please oppose the new White House policy to require in person voting only.
