Angie Ruzicka

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I vehemently oppose SB 210 making in person voting on the date of the election the standard method for conducting an election. Voting by mail in Oregon increases the access to ALL registered voters to cast their ballot, people who work, people who have small children, people who are home bound etc.. Research has demonstrated over and over that fraud associated with vote by mail to be minimal.
