

Submitter:

Domenica Lam

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

For myself and many other working parents in Oregon, voting by mail allows the time to research the issues and candidates on the ballot. It allows me to work, be a parent and vote. Being a responsible citizen and a voter is important to me. I would find it difficult to go to the polls every election given my other responsibilities as a working parent. Voting by mail is the best fit for me and my family.
