

Submitter:	Clyde Zeller
On Behalf Of:	97141
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Vote by mail works perfectly well and is especially helpful for those who live in rural areas and who have limited access to transportation. I am semi-retired and drive bus and para transit vans for Tillamook Co Transit District. I see first hand the challenges those who cannot drive or who can't afford a car. Vote by mail gives these people a voice in democracy. Be clear that the intent of 210 is to suppress voter access not improve accountability.
