SB210

I firmly oppose SB 210. Oregonians want mail in voting for many reasons. The current process is safe, efficient, and a secure way to cast votes in our State. Republications want to make voting exceedingly more difficult. This is just another attempt to suppress free and fair elections. STOP this straight-out attack on our civil right to vote by mail. SB 210 must be defeated because it will cause undo hardship for many Oregonians. Everyone knows SB 210 will have a negative effect on voter turnout. Citizens with physical disabilities, health issues, transportation issues, work or school related conflicts would all be immensely impacted if mail-in voting is taken away. SB 210 is a terrible policy for Oregon. Republicans know their policies are unpopular and here they are again trying to force another unwanted and ridiculous protocol to harm our democracy. SB 210 is fundamentally and absolutely wrong for Oregon.
