

Submitter: Stacey Halpern

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose this change to Oregon's voting system. Vote by mail in Oregon is tested, secure, and fair. It makes voting more accessible to people with disabilities and those who work. It also makes it easier to be an informed voter, as I can see exactly what's on my ballot and do research as I'm voting. I've voted in other states when I was a resident there, and while in-person voting worked Ok, there were always races or measures I wasn't prepared to see on my ballot--despite doing lots of research ahead of time.

Please don't make changes to vote by mail in Oregon!
