SB210

I encourage you to vote for this bill and let's get back to "Going To The Polls" to vote. As long as there is an option for Absentee Ballots voting in person is truly what our forefathers envisioned.

By having people personally show up to vote and show picture ID you are ensuring the validity of the election. It is not difficult to make this happen, and it will or should be much more cost effective and you will not have to hire all the people to pick up ballots from the boxes, pay for postage on ballots that never get returned and/or never get delivered because of bad addresses, people to spend hours verifying signatures, people opening the ballots for processing, people manning phones to answer questions as to why a person did not get a ballot, people to reprint ballots and man the offices to distribute these ballots to people.

It is time to put the faith of legitimate elections back in the minds of people and the only way to do this is by having in person voting.

**PLEASE PASS THIS BILL AND PUT IT INTO ACTION IMMEDIATELY!**
