

Submitter: Emily Daniel

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I very much oppose making in person voting the standard method of voting in Oregon. I lived for many years in states in which the only way you could vote was in person.

I found it sometimes difficult to vote because the needs and hours of my job conflicted with the hours available for voting. I also sometimes experienced long lines including waiting outside in the rain before waiting to enter the building where I could vote.
