Hello,

We've all heard the old saying, "if it ain't broke, don't fix it". This is part of the Republican agenda, to be able to manipulate our elections. Their montra is that everything is broken and fraud is taking place, dismantling our democracy one step at a time. The only fraud taking place is by the current administration. Trump even admitted on TV that Elon Musk was going to win him this election, and he did. Democrats need to wake up before it is too late, our future is in their hands. If they take away our right to vote, all is lost.
