

SB 210

Please leave Oregon's vote by mail system in place. It allows more Oregonians to vote than geographical polling sites. It gives time to research a measure or candidate and make a better informed decision. It facilitates voting for people whose lives are overflowing with work, family and all the things it takes to survive. It facilitates voting for seniors and we need the perspective and wisdom. Oregon's vote by mail system is a great system that deserves protecting from the current administration.

Thank you,
Michelle Kaptur
