I am decidedly in favor of our vote by mail system. As a senior citizen with a disabled veteran husband who is not very mobile, we would be, in effect losing our ability to vote. Our situation is not unusual. box. Our vote by mail system will make it more difficult for everyone, and impossible for some to vote. We should be encouraging citizens to vote, not making it harder for them. This is the wrong direction to go. Restrictions on voting, making it harder, is suspect. I question the goals of those who seek to control voters access to exercising their right at the ballot box.
