

Submitter:

Walter Janeczek

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

The current method of voting has been working, is extremely efficient, and since the method is already in place , it would be ludicrous to change any part of the mail-in system. Plus, no one has to take a day off or deal with the inevitable crowds, lines, and confusion that we've seen in other States.
