Measure, Appointment or Topic: HB3374

I am writing to voice my strong opposition to HB3374. This measure would do nothing more than further reduce access adding more unnecessary hurdles between workers and the care they need to recover from their injuries. As it stands now, fewer and fewer providers are accepting Workers Comp claims. As workers patiently wait to be seen by a type A physician, their problems just get worse and harder to resolve. HB3374 will only exacerbate this growing lack of access to care. The system isn't working as it is and HB3374 will only make matters worse for injured workers.
