Julie Felts

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Do NOT make in person voting the standard. Voting by mail has been a very reliable and accurate method of casting votes in Oregon. It allows voters to thoughtfully research candidates and measures to be voted on, mark ballots without distractions or concerns about getting to a voting booth on a specific date and time. This eliminates the need for hiring staffers and providing locations for voting to take place - saving tax dollars. Do NOT make in person voting the standard. It would cost tax dollars and reduce the number of voters casting ballots.
