Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Senate Bill 210 is an insult to the people of Oregon!! We have a voting system that works!!! Remember? If it works, don't fix it!! SB210 makes the voting system very complicated and would make it more difficult for people to vote when we must encourage participation in government by all members of the community. The system now gives people time to consider what they are voting on, and act conscientiously. Remember? Of the People, By the People, For the People! As an elder in this state, I am ashamed that the legislature would even waste our time and our taxes on this mess proposed to discourage voting and participation in our democracy. And this in a budget crisis is just unconscionable! VOTE AGAINST SB 210 and stop wasting resources!!!
