

Submitter:

Joanie Nissenberg

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

An an 83 year old Oregonian, happy with a system that allows direct and easy voting via mail in ballot and with a great track record for efficiency and a low record for fraud, I am opposed to reverting back to in-person voting. Please vote against this measure which can limit citizen response and impose hardship on older, infirm, disabled and rural citizens.

Thank you.
