

Submitter: Claire Lewis

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Removing vote by mail for all options, a significant portion of the population will face hardship (missed wages, etc.) by having to vote in person. For others they will not be able to vote at all, due to scheduling, other responsibilities, physical challenges, etc.). Further, with a voter fraud rate in Oregon of 0.0000006% there is absolutely no reason to make participating in the democratic process more difficult, unless the goal is to disenfranchise voters because it's the only way your party can win. Vote by mail should be an automatic option for all legal voters in Oregon, and the rest of the nation.
