

For thirty years, Oregon Vote by Mail has successfully allowed people to vote who might otherwise not have that opportunity. It should be allowed to continue.

Oregon Vote By Mail has been incredibly successful for thirty years. It has allowed voters who might otherwise be unable to reach a precinct in person to let their voices be heard. It would be a terrible injustice to take that opportunity away.

I speak as one who would be unable to stand in line to await the opportunity to vote.

Give all Oregon citizens the chance to express themselves via Vote by Mail. To take that right away would be a dreadful injustice.
