SB210

O moved to Oregon from Illinois 3 years ago. I always went to the polls in Illinois but was pleasantly surprised that I could vote by mail in Oregon.

I spend more time reviewing the candidates while sitting on my couch as I vote. I do take my ballot to a box at the local library. I feel very secure in its handling from there.

As I get older, it is so much easier to not have to stand both in line and in the voting booth.
