I strongly oppose this bill. I want to KEEP our current mail-in voting. It has shown to be secure and produces high voter turnout. I appreciate that I can take my time researching the candidates at home with my ballot in hand. This allows people that are working, caregiving, disabled, sick, lack transportation, etc, to be able to cast their vote and be heard. I grew up in a different state and was amazed how smooth and convenient it was to vote here in Oregon- I never want to go back!
