

Submitter:

Kathleen Lingle

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

There is absolutely nothing wrong with the way we vote. It gives everyone in the state a way to vote without leaving their home. We have the elderly, disabled and rural people who find it easier to vote through paper ballot. Although there are some who think, what they can't see when the counting is happening is scary or fraudulent is not true. Please do not pass this bill.
